

Brandon has been a key location for Enns Brothers since the merge with Countryside Equipment in 2008. There is a large show room for turf products and services, and a separate room for John Deere parts and accessories.

This location has long supported the Assiniboine Community College and other local farm groups and charities.

Brandon has consistently been named one of Canada's 10 best cities to live in. It has a low cost of living, is one of the sunniest cities in the country, and has access to cottage country within 20 minutes of the city.
