

Enns Brothers is proud to support over 300 employees in full service branches in Manitoba communities, as well as representation in Kenora and a Support Centre in Winnipeg.

The Support Centre is the base of operations for accounting and finance, human resources, information technology, integrated solutions, and marketing, as well as the majority of senior management.

Along with a large training facility, this location is also home to one of our newest computer-based distance learning labs, allowing us to train more employees in the latest technology available to better help out customers.
